

CROSSROADS CARE ATTENDANTS SCHEME

Timetable

Grant

The Department of the Environment have approved the Crossroads project. Formal approval needs to be given by the Local Authority; this will be done by the Inner City Committee, which meets on Friday 29th April 1983. Subsequent to this, Roger Platt (Inner Cities Dept.) will write to the voluntary organisations involved and ask at least the officers to attend a meeting with the Treasurers Department, etc., to explain the administration of the grant. This meeting is likely to take place in the first two weeks of May.

Advertising

As agreed at the last meeting I propose to advertise the post of Co-ordinator in the local papers as soon as written confirmation of the money is obtained. This will be around the beginning of the second week of May if everyone is agreeable.

NEXT MEETING - THURSDAY 19TH MAY 1983 AT 7.30PM AT ECCLES LIBRARY
